Profile

Computer Science undergraduate and PwC Launchpad Advisory Trainee (Cloud Computing with Python) with strong proficiency in Core Java, Object-Oriented Programming (OOP), Collections Framework, Exception Handling, Multithreading, and Python programming. Hands-on experience in building Java-based applications, web projects. Familiar with Spring Boot fundamentals, REST API concepts, Generative AI, and Modern Data Systems.

Education

Bachelor of Technology in Computer Science (CGPA : 9.2/10) Sri Venkateswara College Of Engineering, Tirupati	Aug 2024 – Present Tirupati
DIPLOMA in Computer Science and Engineering (CGPA : 8.9/10) Government Polytechnic College, Proddatur	Oct 2021 – May 2024 Proddatur

Skills

Programming Languages: C, Java, Python, Data Structures and algorithms, JavaScript	Web Technologies: HTML, CSS, React.js
Frameworks & APIs: Spring Framework (Basics), Spring Boot (basics), Hibernate, JDBC, RESTful APIs	Database: SQL, DBMS, MongoDB (basics)
Concepts: OOP, , Exception Handling, Multithreading (basics), File Handling	Tools & Platforms: IntelliJ IDEA, VS Code, Git & GitHub, Figma, Maven(basics), Jenkins(basics), JIRA(basics)
Cloud Computing: Cloud Storage concepts, Basic Deployment	

Projects

Placement Management System (Ongoing) Java, Spring Boot, Hibernate, MySQL, Maven, REST APIs, Git Developing a web-based Placement Management System using Java, Spring Boot, Hibernate, and MySQL to streamline campus recruitment processes.
Inventory Management System Java, Maven, JDBC, MySQL Built a Maven-based inventory management application to track products and stock information using JDBC and MySQL.
Employee Management REST API Java, SpringBoot, MySQL Developed a RESTful backend application using Spring Boot to manage employee records with MySQL database integration.

Internship Experience

Java Development Intern Oasis Infobyte Completed an internship focused on Java programming, application development, and problem-solving using Object-Oriented Programming concepts	Dec 2025 – Jan 2026
ServiceNow Virtual Intern The SmartBridge & ServiceNow Completed internship training in ServiceNow with exposure to workflow automation, IT service management (ITSM), and enterprise process management	Feb 2026 – Mar 2026
Customer Support & Data Operations Trainee GJ Solutions Successfully completed 6-month industrial training involving data entry, database maintenance, record management, and communication support.	Jun 2023 – Nov 2023 Hyderabad

TRAINING & PROFESSIONAL DEVELOPMENT

PwC Launchpad Advisory Program - Cloud Computing & Python Track - PricewaterhouseCoopers (PwC) 6-Month Training Currently Ongoing	Feb 2026 – Ongoing
CISCO NETCAD Completed 6 months of training in it essentials in PC Hardware and Software	

Achievements & Badges

- Earned badges and Completed micro-certifications in **Generative AI, Modern Data Systems, Programming Fundamentals in Python** and **Cloud Computing**.
- Achieved ServiceNow skill badges in workflow automation, reports, Agentic AI, and ServiceNow fundamentals.

Certificates

• Oasis Infobyte internship Certificate.	• Industrial Training Completion Certificate - GJ Solutions	• AI-Based Student Placement Predictor Webinar – SkillEcted.
• ServiceNow Internship Certificate
